Subject: RE: court

John-

I am not available on Monday - I will be in Fall River testifying in a trial there (the ADA has tried several times to resolve the case, but the defendant will not plead). However, I should be available Tuesday - I am on call for a district case in Springfield, and ADA Matt Thomas may need me for a Superior Court case in Springfield as well on Tuesday. I will work on getting you my notes/data for [REDACTED] 3 this morning, as well as the lab protocols. Just as a head's up, the protocols have the work "DRAFT" written as we were combining/consolidating the Boston Drug Lab's protocol and the Amherst's Drug Lab protocol into one document for the accreditation process before the funding from the state got pulled, but the protocols are the ones that I did use. Also, when you asked me to fax the notes on both cases, I'm assuming that you already received my notes for the [REDACTED], but did you want the protocol for that one as well? Thanks.

-Sonja

Subject: court

Sonja: The Court took under advisement the Motion To Suppress on the [REDACTED] case. therefore, it is not starting on Monday. However, the case of Dwayne Griffith and Carl Sepheus is starting on Monday. The case no; [REDACTED] for [REDACTED]. Are you available? Can you fax your test notes on both cases, and does the lab have a protocol when analysing these cases? if so, please fax it to me. John Bryson.
